### Draft Notes to the Meeting

9 December 2021

Callington Hall – 7:30 pm

#### 1. Welcome and introductions

##### *In attendance*

Karlene Maywald (Chairperson)  
Lachlan Wallace  
Garry Duncan  
Carol Bailey  
Fiona Challen  
Tony Aloisi  
Glenn Norris  
Mark Stewart  
Kathy Schneider

##### *Apologies*

Harry Seager  
Ross Oke  
Ed Thomas  
Melanie Reiffel  
Ed Thomas  
Peter Bond (EPA)  
Greg Sarre (DCMB)  
Rebekha Sharkie MP

Five people in the gallery.

The Chair:

- highlighted key aspects of COVID management plan,
- acknowledged the traditional owners of the land on which the meeting was to be conducted and paid respect to Elders past, present, and emerging, and
- encouraged the gallery to participate.

#### 2. Confirmation of notes of previous KCCCC meeting of 16 September 2021 and Actions arising

The notes were confirmed as true and accurate.

The following actions were completed since the previous meeting:

| <b>Task</b>  | <b>Action</b>   |
|--|---|
| Kanmantoo Underground Project to be assessed using Master Plan rubric                | Glenn completed this with an initial score of 81/100. |
| A letter to be drafted from the KCCCC and HGO to the Recreation and Community Centre | Completed and well received by committee.             |

|   |           |
|---|-----------|
| Committee congratulating them on a great outcome for the project.       |           |
| Master Plan documents to be printed for distribution at Callington Show | Complete. |

The following actions (or expanded actions) from previous meetings remain on the action list.

| <b>Task</b>   | <b>Action</b>  |
|---|--|
| Mark Stewart to revert with options to bring forward the NVC project.   | <b>Update: Mark updated KCCCC on next steps. Initial discussion to be held between DEW, DEM and subcommittee of the KCCCC. This would likely include Harry, Ross and Glenn. Meeting to be scheduled in late January/early February.</b>  |
| <p><u>KCCCC future structure</u></p> <p>Harry to establish a steering committee and draft constitution for review by the KCCCC before next meeting.</p> <p>HGO to reach out to local business to determine appetite for providing support to the committee.</p> | <p>A subcommittee consisting of Lachlan Wallace, Karlene Maywald and Harry Seager met in July to establish a draft framework for the future structure of the KCCCC. A draft paper was prepared by Harry and discussed at the pre-KCCCC meeting.</p> <p><b>Update: skills matrix to be developed prior to next KCCCC meeting by Karlene and Glenn. Nomination process for new committee to be agreed.</b></p> <p><b>Update: Meeting held between Hillgrove, Neutrog, Hansen and Premix on 25 November to canvas appetite to be part of expanded committee. Awaiting feedback.</b></p> |
| Attendance at KCCCC by DCMB senior council officer.   | <p>Brian Clancy (DCMB) had confirmed that Greg Sarre will attend KCCCC meetings as confirmed at the February KCCCC meeting. Greg is yet to attend so will need follow-up.</p> <p><b>Update: Brian Clancy contacted. Has requested date for next scheduled meeting which has been provided.</b></p>   |
| Garry to discuss erecting plaque which recognises the contributions of people/groups that made the Memorial Wall possible with Peter McGinn.  | This is still a work in progress and will be kept on the action item list.   |

### 3. Master Plan

#### 3.1 Master Plan Review

*From previous meetings:*

*It was determined that a way forward may be to have two separate documents:*

- 1. Overarching document similar to the existing document which retains much of the origins of the Master Plan (KCCCC and mining) that serves as an overarching guide that would not be regularly updated, and*
- 2. A separate shorter document that focusses on key points and projects as an outwards facing advertising document that is easily accessible and can be updated as projects progress or new ones are added.*

*It was also discussed that elements of Harry's review into KCCCC structure may also inform the content of the two documents.*

There was some discussion regarding the pros and cons of using two separate Master Plan documents. Pros include that the shorter version simplifies the process which may mean it is easier to use and therefore more widely used. Cons include that the full context of the Master Plan may be lost and the main document will be replaced completely with the brief version because it is easier. The history of the development of the Master Plan contained in the document was raised by a member of the gallery as being excessive and potentially detracts from the content.

Fiona has prepared an updated rubric with a different weighting system for the various pillars. This has been provided to KCCCC members to review and provide feedback.

**ACTION**

- Fiona and Karlene to meet to review Master Plan.
- KCCCC members to review updated Master Plan rubric and provide feedback to Fiona.

#### **4. Kanmantoo Copper Mine**

Glenn Norris and Lachlan Wallace provided the following updates.

Compliance / Emission / Rehabilitation

- Exceedance of Fe, Ni, Co in ground water bore on the mining lease adjacent to the backfilled Emily open pit. Inferred groundwater flow is towards the Giant open it which is the regional sink. This has been reported to DEM and EPA along with an action plan. This includes more frequent monitoring (3 monthly) which has commenced. There have been no similar issues with offsite monitoring bores.
- Successful native grass seed harvesting season. Photographs shared of Wallaby/Spear grass growing areas and seed harvesting activities.
- Maintenance of rehabilitated areas and environmental monitoring has continued in line with plans.
- Issue raised by Garry regarding suspected dust from the Giant open pit. Details to be provided to GN.
- Issue raised by a member of the gallery regarding the speed of trucks travelling down East Terrace in Callington. This is dangerous with children present at times. Whilst these are not Hillgrove related trucks the matter was discussed. Suggestions include notifying

the police for potential speed detection activities, requesting speed limit review (DTI or Council), contacting quarries and transport companies if the trucks can be identified.

### Kanmantoo Underground

- Lachlan Wallace gave a presentation on the Kanmantoo Underground project which he had presented at the South Australian Exploration and Mining Conference (SAEMC) on 26 November 2021.
  1. Komatsu MC51 continuous miner video.
  2. Significant infrastructure in place at the site to allow a rapid restart after Final Investment Decision (FID), permitting approved, local workforce, same geology, geotech and metallurgy as open pit.
  3. Substantial further upside with additional drilling currently being undertaken and potential for future zones to be drilled in the future. Three additional advanced projects are also located within 10km of the processing plant.
  4. Highlights of previous drilling program outlined including the continuation of mineralisation 500 metres below the bottom of the open pit.
  5. Follow-up targets to expand resources.
  6. Exploration decline commenced to enable underground definition drilling and for mine access after FID.
  7. Additional details on continuous miner – safer, cleaner (an enabler for future zero emission mining).
  8. Schedule for restart – FID mid 2022 ore production late 2022.

## **5. Other Business**

### 5.1 Proposed changes to KCCCC

Not much progress since this was initially flagged. A skills matrix is to be developed and nomination process agreed at the next KCCCC meeting.

#### **ACTIONS**

- Skills matrix to be developed for circulation to KCCCC at next meeting – Karlene/Glenn
- Nomination process to be agreed at next KCCCC meeting.

### 5.2 Kanmantoo Township Planning Meeting

- Held at the Kanmantoo Copper Mine on Friday 26 November 2021.
- This provided members of the KCCCC the opportunity to provide input into the draft Kanmantoo Township Plan prior to the draft being released for public comment.
- In attendance were: Glenn Searle (DCMB), Harry Seager, Carol Bailey, Kathy Schneider, Garry Duncan, Fiona Challen and Glenn Norris.
- Several opportunities were suggested and discussed at the meeting.

### 5.3 Glenn Norris to become KCCCC member

- Glenn Norris will replace Lachlan Wallace as Hillgrove's representative on the KCCCC

## **6. Next meeting and close**

**Proposed date** 10 March 2021, 7:30pm, Callington Hall.

Meeting closed 9.30pm
